

## Directory of Records and Personal Information Banks

### Preamble

Cornwall Community Hospital is an acute care hospital operating under the authority granted to it by the Province of Ontario. It functions under legislation contained in the *Public Hospitals Act* and all other pertinent and appropriate provincial and federal acts and regulations to provide care and treatment for those persons who require hospitalization or treatment on a day or emergency basis. The Hospital provides active treatment programs and services, mental health services, community health, emergency services, out-patient services, rehabilitation and therapeutic services. Its catchment area includes the United Counties of Stormont, Dundas and Glengarry, the City of Cornwall and the territory of Akwesasne. The Hospital is governed by a Board of Directors and administered by a Chief Executive Officer.

### Directory of Records and Personal Information Banks

As required by the Ontario *Freedom of Information and Protection of Privacy Act*, the Hospital's Directory of Records provides a listing of the types of records held by the hospital. The Directory of Records is divided into functional categories and includes an index of Personal Information Banks. Personal Information Banks are defined as a collection of personal information that is organized and capable of being retrieved using an individual's name or an identifying number or particular assigned to the individual. Questions about the Directory of Records or Personal Information Banks should be directed to:
